Wayne & Ellen Patton Missionaries To Brazil: Like many missionaries, we find ourselves in the States because of the Pandemic. We also notice the fear in people's eyes as they shop at the grocery because they are without hope.

Reaching The lost in the new reality COVID-19: Our heart is to reach the lost with the Gospel of Jesus, and we see many believers are restricted in their efforts to reach people for Christ because of social distancing demands. We need your help in Sowing The Seed!

How to Share: Wayne has developed a Mini MP3 Album that can be given away by passing on one of these download coupons or just sending the SMS text code from any smartphone. Cut the coupons out and hand them out to someone you know. In moments they can be listening to the Parables of Jesus.

Bible Storying Ministry: We still have a heart for Bible Storying and desire to continue sharing the truths of Scripture through story. Wayne has developed a Bible Storying Podcast where he Tells the Story of God. You can find the podcast by searching any podcast player for **Lizard Tracks** or tell Alexa to Play Podcast Lizard Tracks.

LizardTracks.net is a cell phone based ministry. Subscribe to the newsletter by sending an SMS Text Message: Bible (513)440-6171.

Please prayerfully consider joining us in this ministry outreach to Sow the Seed of the Gospel Message to anyone who has a cell phone.
